COMMENTS FROM THE TOWN MANAGER'S OFFICE

There have been several inquiries made as to what the numbers marked on the streets mean. There were placed there by the survey crew starting the sewer survey. The numbers mark the location of manholes.

A petition to abolish zoning in the residential-farming area was presented to the selectmen Wednesday morning. The petition asked that an article be placed in the warrant for the June 7 special town meeting. A check was made with the Maine Municipal Association as to the legality of doing this and we were informed as this request involved a change in the Zoning Ordinance there would have to be a preliminary public meeting called by the Planning Board 10 days prior to voting on the article. As a result there can be no action taken on the article as we do not have 10 days left before June 7.

Elwyn Dickey

Mr. and Mrs. Kermit Sweeney of Topsham spent the day Sunday with Mrs. Marie Gunther. Mrs. Ethel Howard and daughter of Bingham were also callers on Mrs. Gunther.

"The Nutcracker Suite" is an old-time Christmas favorite. The setting is the Christmas of 1850, and festive dances of that era will be presented. 65 YOUNGSTERS SIGN UP FOR LOCAL JUNIOR BASEBALL

Sixty-five boys, ages 8 through 12, have signed up to take part in the local Junior Baseball program.

Richard "Sonny" Blake, chairman of the program, and coach David Salway, called out the 10 to 12's for their first try-outs on Wednesday evening at the Little League Field off Evergreen Road.

Monday night at 6 o'clock is the time set for the 8 and 9 year olds to report. As has been the custom, after several general warm-up and try-out sessions, the coaches will make up the teams. Arrangements are still pending for the 13-15 year olds.

As with most youth activities, the interest of parents in keeping the boys prompt for practice and games, as well as helping elsewhere that the coaches need them encourages these men to devote the necessary time and skill to make the program enjoyable and successful.

This spring considerable damage has been done to the field, some of which the boys can assist in cleaning up. Melvin Olson has agreed to supervise the reconstruction of damaged structures, and has asked fathers to report to the field at one o'clock, Saturday afternoon, to start this project. Lumber transported to the field by Don Brooks has been donated by Chadbourne's and Blake's.

Mrs. Ralph Berry has returned home after spending a week with her sister, Mrs. Myrtle Fickett, in New Gloucester.

The Misses Elizabeth and Gertrude Waldron spent the week end with their parents, Mr. and Mrs. Richard Waldron.

Miss Mabel Stanley was in Norway one day last week to see her sister, Mrs. James Cleveland, who has been quite ill.

Miss Louann Brown, daughter of Mr. and Mrs. Vernon Brown, was home from Thomas College, in Waterville for the week end.

Mr. and Mrs. Robert York and Julie of Boothbay Harbor spent the holiday with Mrs. Maud Bean and Mr. and Mrs. Seymour Butler and family.

Callers over the holiday at the Stanleys were Mr. and Mrs. Ernest Gustaf of Groveton, N. H., and Mrs. Walter Gustaf of Groveton. Mrs. Gustaf's daughter, Margaret, was a caller of the Stanleys and Mrs. P. B. Stanley of Berlin, N. H.

SEVERAL TOPICS TO BE CONSIDERED AT SPECIAL MEETING NEXT WEDNESDAY

A special town meeting will be held in Bethel next Wednesday, June 7. Polls will open at the Fire Station at 10 a. m. to permit balloting on the formation of a Water District. Polls will close at 6 p. m. (Warrant on page three).

At the business meeting starting at 8 o'clock Wednesday evening, there are several articles that may cause some discussion.

Under article three authority is sought to permit the selectmen to purchase a car for the use of the police officer. It is believed that after such a car is purchased, maintenance on it and periodic replacement could be handled with money that would, under the present system, be paid for expenses to the officer. Under the present schedule the expense amounts to \$1,850 annually. Also another advantage would be full-time radio communication with the County Sheriff's Department. At the present time when the spare night officer is on duty no such communication is available. A request of \$2,500 from surplus will be made for this purpose.

Articles five and six also request money to be taken from surplus. In article five authority is asked for \$1,500 to complete improvements at the fire station started in 1966. A balance of \$1,541.47 was left in this account but, through error, was allowed to lapse to surplus at year end. Unexpected expenses on Bridge Street, due to State highway reconstruction, is the reason for a request for \$1,500 to be taken from surplus in article six. It is hoped that this will be sufficient to prevent an overdraft in the Sewer Account.

A "control of pigeons" ordinance is included in the warrant, article seven, for the consideration of the voters. It would prohibit "the feeding of pigeons, that are not kept in pens, cages, or enclosures at all times".

The eighth article concerns a Zoning Ordinance amendment abolishing code regulation in the residential-farming area. The request for this article was submitted by over 100 voters. Checking with the legal counsel of the Maine Municipal Association, Richard B. Sanborn, Wednesday morning it was learned that action could not be taken at this time in view of the following State statute: Title 30, Maine Revised Statutes, Chapter 239, Section 493: "Public Hearing—A zoning ordinance or amendment may be enacted only after a public hearing has been held by the planning board for its consideration at least 10 days before it is submitted to the legislative body".

Local municipal officers are in hopes that the planning board will schedule a public meeting soon to consider changes to the zoning code. A special town meeting will be called after such

SMALL ATTENDANCE AT WATER DISTRICT ACT PUBLIC MEETING

At the public meeting held last Thursday evening at Odeon Hall a disappointingly small number of attendants discussed the proposed Bethel Water District.

Among the points brought out at the session was that the affairs of the District, if approved June 7, would be controlled by three trustees named by the Bethel selectmen. The trustees would be "authorized and empowered to acquire by purchase or by the exercise of eminent domain" the property of the Bethel Water Company. The act creating the district also would authorize the Company to sell to the District.

Several of those attending the session thought the reported asking price of \$165,000 was too high, but did not oppose the formation of a District. Under district ownership the sole income would be from water-users. No town money would be available for the district's use except such sums as might be paid for public fire protection (hydrant rental).

Bethel Water District would be exempt from municipal real estate and personal property taxes. In 1966 Bethel Water Company was assessed \$3,872.96 in Bethel taxes and \$1,845.22 in Newry taxes for 2050 acres of watershed in Newry. The only cost to Bethel taxpayers would be to compensate for this loss of taxes. Presumably any increase for fire protection (hydrant rental) would not be forthcoming until all hydrants are placed on six-inch mains. In 1966 \$1,950 was raised for this account.

In response to a question, a stockholder of the Water Company said that present supply was believed adequate for present needs, with repairs needed on the dam at Chapman Brook. Also it was stated that it is believed that is an adequate supply for extension of lines to the site of Telstar Regional High School.

It is understood that stockholders of the Water Company are willing to sell to the Bethel Water District if the "Act to Incorporate the Bethel Water District" is approved on June 7.

Leroy Luce of Norway was present to answer queries about the operation of a water district. Mr. Luce has been a trustee of the Norway Water District for over 20 years.

Bethel Town Manager Elwyn Dickey stated that a total of 160 votes (for and against) would be needed to make the June 7 vote valid.

Voting will take place at the Bethel Fire Station from 10 a. m. to 6 p. m. on Wednesday, June 7.

LOGS FROM OVERTURNED TRUCK DAMAGE

BRYANT POND HOME

A truck loaded with hardwood logs tipped over when rounding a curve on Route 26 in Bryant Pond village Monday afternoon.

The driver, Harold E. Ball of Groveton, N. H., escaped with a cut on the chin and multiple bruises.

Apparently the wheels of the truck let go, causing the truck to overturn. State Police reported that the logs hit the home of Mr. and Mrs. Frank Kimball, causing the end of the porch to fall and making a large

hole in the house, causing damage to the bedroom furniture. No estimate of damage to the house has been reported. The cab of the 1971 truck was demolished, it was reported.

Mrs. Kimball and two children were in another part of the house at the time of the accident.

The vehicle was loaded with logs for the L. M. Mann and Son Co. West Paris. Traffic was routed for over three hours while the area was cleared.

Investigating were State Trooper Harry Hutchinson, West Paris, Jesse Smith, Bethel and Sgt. Albert Jambon, Auburn.

NEW GLORY TO OLD GLORY

The flag of the United States has been flying high over each of the 100,000,000 Americans for over 100 years. It is a symbol of our country, a symbol of our freedom, a symbol of our unity. It is a symbol of our hope for the future.

It is a symbol of our faith in the future. It is a symbol of our love for our country. It is a symbol of our pride in our heritage. It is a symbol of our hope for the future.

Under the flag of the United States, all Americans today are living their very lives on the line for this cause against the forces of a godless ideology. Should we, here at home, be less than our best?

Today the flag of the United States is an art which reflects the basic freedom of choice.

This year, The American Legion and dry cleaning firms are sponsoring a program to encourage the display of flags of our country.

On June 11, and on other appropriate occasions, anyone who displays a flag which has become soiled or worn may receive a reward of \$1.00.

COMMENT

Water District
... Or No

The local referendum to be presented to Bethel voters next Wednesday, June 7, should be of considerable importance to local voters. The question of whether or not to accept a legislative act to create a "Bethel Water District", should be of sufficient consequence to engender at least a large enough turn-out of voters to have a valid vote. To be valid at least 20% of the total Bethel voters participating in the November 1966 election is needed.

Several times in the not-too-distant past more reaction to a legislative "fait accompli" has resulted than was evidenced by interest when such action was contemplated. If some segments of the citizenry feel that a local "plutocracy" exists, it is only their own neglect of civic responsibility that is to blame.

Since its construction some 77 years ago, control of the Bethel Water Company has been in local hands. Now it appears that the owner of slightly less than 50% of the stock is to sell and reportedly has more than one out-of-town prospective buyer. Many think that with nominal control with outside interests with an intent to make a larger profit than is now realized, it would be to the advantage of the community if a District was to control the utility.

Even under District control higher water rates would probably result to consumers as interest payments, cost of maintenance and expansion of the facility, and day-to-day expense would still have to be met.

Bethel voters therefore have to decide whether or not they desire to form a District to own the Company, keeping control in local hands, or to all practical purposes, permitting absentee ownership.

It is hoped that Bethel voters are sufficiently interested in civic affairs to express their opinion in the local referendum on the issue next Wednesday.

Maude Brown, Corres.

Memorial week:

First I would thank John T. Curlls house for the nice letter from Witte Hall, University of Wisconsin, Madison. The letter (in part): We thought we would let you know how much we enjoy your column. It receives as much attention from graduate students of Curlls house as do Lippman and Reston. It is truly refreshing to read a column not concerned with war, violence and disorder. Warmest regards to Mrs. R. M. Fleet also probably should mention many other correspondents too. Letter signed by 45 persons, all over the country and Canada, B. C., too.

The "boys" on the hill came over the week end up on the Arsenal place. They, John Garguldo, patched the leaky roof. They bring odds and ends, dishes, tables, chairs to make it comfortable. Called on the caretaker, Frank Brown. John has back trouble so can't do too much himself.

Today is Frank Brown's 67th birth anniversary. Our wedding anniversary (20th).

Mr. and Mrs. Francis are having company over Memorial. His sister and brother, Julia and John, from Littleton, N. H.

Mr. and Mrs. Hemingway were morning callers at the Frank Brown's. Tom is doing some plowing for a garden for Frank.

Beverly Poland hit Raymond Hoyt's car by Abbott's Mills cemetery. About \$100 damage to each car. Trooper Auger investigated.

Memorial Day callers at the Roger Farnums: Hattie Sessions and granddaughter from West Bethel were dinner guests. Mrs. Farnum's grandson, Fred Brown, from the Navy, granddaughter from Jonesboro. Granddaughter-in-law, Linda Brown from Rumford. They had callers from Scarsboro, Mr. and Mrs. R. Hill. Mr. and Mrs. Sam Herrick from West Falmouth.

Mrs. Edna Packard from Kingfield and daughter, Mrs. McDonald from Mass., rode Mr. and Mrs. Farnum to Lewiston, Auburn, Greene, Sabattus to decorate the graves of Mrs. Farnum's relatives.

It's so cold Roger says he has not shed his winter underwear. Sleeps in blankets.
